Dear Jeff:

Just wanted to say "Thank You" for your wonderful services to our organization. The bridal show could not have been possible without you. Your contribution and participation helped non profit organizations to reach their goal "in making a difference in our community".

Proceeds from the wedding show benefited our programs which served our communities in arts, cultural, educational, health and media programs. You really helped us make the event memorable. And, a special thanks for your coordinating and hosting skills which made it even an instant success!

Sincerely,

Carmen Aguilar-Ochoa
Executive Director
