To whom it may concern:

I've been a mobile DJ for the last 20 years. The last 12 years or so I have also been doing video production of everything from weddings, music videos, documentaries and TV commercials.

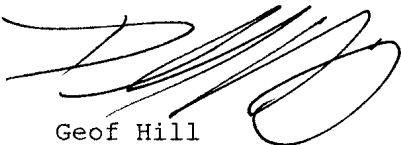

Jeff Oliver came to me with his video demo project in 1999. I've produced his video demo several times. We have re-edited it at least 4 different times to his specifications. Let me assure you that Jeff is a consummate perfectionist.

Since 1999 I have seen many hours of video footage from Jeff's events. I've even been to some of the events. A vast majority of the video demo was footage given to Jeff Oliver by his clients. It was very amateur footage, not something that was created by a professional by any means. I have to say that from what I see in the video's Jeff Oliver is a top notch DJ Entertainer.

It's easy to see from my position that Jeff Oliver is talented, flexible and able to make a wide variety of clients happy.

I have no trouble recommending Jeff Oliver as a special event DJ. He obviously does a great job. From time to time I even book him to serve some of our own clients.

Sincerely Yours,

Geof Hill
