Dear Here Comes the Guide,

I am writing this recommendation on behalf of Jeff Oliver at A Awesome DJ. I worked with Jeff for the first time this past July at a wedding held in Pleasanton, CA.

Jeff arrived on time, set up his equipment and then quickly disappeared to change into his formal wear for the evening. We also had ample time to review the agenda for the evening, ensuring that we were both on the same page as to the timeline of the events. He always conducted himself in a professional manner, keeping a smile on his face throughout the evening. He provided not only a pleasurable music backdrop for the reception, but also an enjoyable atmosphere for guests to dance the night away. He was not shy about getting out on the dance floor himself and enjoying the music in order to keep up the energy of the evening.

I also had the chance to experience Jeff's service at my husband's Holiday work party. Once again, Jeff was professional – yet knew how to get the crowd jumping when he brought out his bag of costumes. Everyone seemed to thoroughly enjoy themselves as they danced the night away.

I would be happy to speak with anyone further about Jeff's services. My contact information may be found below.

Best Regards,

Holli M. Dare
