JIM JOHNSON PHOTOGRAPHER

January 06, 2003

Subject: Letter of Recommendation for Mr. Jeff Oliver, Mobil DJ

To Whom It May Concern:

The purpose of this is to provide a recommendation for Mr. Jeff Oliver, Mobile DJ, whom I have known since 1998. I first met Jeff at a Wedding Reception in the Stockton California area. I was immediately impressed with his Professional demeanor and talents.

A DJ's responsibilities include many things to keep an event running and on time, notwithstanding the fact that the DJ must work with multiple personalities, in what at times is a very high stress situation. He must please the Bride, the parents of the Bride, the people that run the reception site, work with the caterer, the photographer, the videographer and the service staff. He must keep the invited guests entertained and make the event happen.

I have worked in the field of Wedding Photography for the past 20 years, attended many events, over 400, and have had the opportunity to work with many DJ's. Not many of these DJ's ever stand out in my mind as being better than the other with the exception of a selected few and Mr. Jeff Oliver is one of those selected few. He is one of only a handful that I personally would recommend to a Bride and Groom. As a DJ, Jeff Oliver is a standout. He is Professional in all that he does, he is considerate, he has the ability to see and understand the needs of the Bride and Wedding Party and her guests. He is a great direct communicator and knows how to work an event for the satisfaction of all parties involved. And one of the things about Jeff Oliver is the fact that he likes to have fun too. He mixes and mingles with the guests on the dance floor, teaches them dancing and how to have fun. He coordinates with the photographer and makes my job easy. He is respectful of my needs, the needs of the service staff and other professional involved in the event. He will start the event on time and end the event on time. He is as his web site says, "An Awesome DJ". I would not hesitate to recommend Jeff Oliver to anyone looking to hire a DJ.

Sincerely,

Jim Johnson/ Professional Wedding/Event Photographer
