To Whom It May Concern:

I've traveled around the nation and met many different DJ's. But, I remember Jeff Oliver easily because of 6 reasons.

- #1 Jeff had the party pump'n when I arrived.
- #2 He smoothly eased the music and assembled the crowd gracefully to take a break for my segment of entertainment.
- #3 When it came time for my introduction Jeff did a great job!
- #4 For my entertainment Jeff offered his wireless microphone. It performed flawlessly and Jeff's sound system was extremely clear and produced very well. It made my part of the show much better and more effective for the client.
- #5 Jeff also had special sound effects that made me look even better. I had never seen a DJ do that for me. He had great timing and taste.
- #6 Jeff handles all situations with finesse. And he's detail oriented.

I highly recommend Jeff Oliver for entertainment services. Additionally he is personable, positive and offers a measurable talent that would be a great addition for any special event needing a Disc Jockey "that knows how to entertain".

Sincerely Yours,

Michael Mezmer
