To Whom It May Concern:

I am writing to commend Jeff Oliver and A Universal Entertainment for the wonderful job performed at our dance party last month in Fairfield. Jeff is more than just a DJ, he's a performer. In fact, he's more than just a performer--he's a spark plug who energizes the guests, gets them out on the dance floor, teaches them how to dance, and keeps them excited to the very end of the party (one a.m.).

In addition, he has great lights and an excellent sound system. He is also good about making announcements and fulfilling any requests my guests or I have. I can certainly recommend A Universal Entertainment for any event that requires first class music and service.

Cordially,

Rich Gosse  
Chairman, American Singles
