To Whom it may Concern:

I have known Jeff Oliver for a number of years, having worked with him at various functions, including several Bridal Faires, and my thirtieth high school class reunion. I have also attended several events where Jeff provided the musical entertainment.

I have always found Jeff to be extremely organized, making sure to offer just the right music for each event. He is also extremely energetic and highly entertaining, providing various props to guests to get them out of their seats and on to the dance floor.

Jeff has a large repertoire and a great sound and light system, and works closely with each organizer to ensure a unique and successful event.

Yours Truly,

Roila P. Norgol
