Dear Jeff:

Forgive me for taking so long in getting the enclosed card back to you. I am six months behind in my mail due to the heavy volume I receive. Finally I pushed everything else aside so I could get this to you without further delay.

As you can see by the enclosed response card, I have rated you a '10' all the way. You are the finest DJ that anyone could engage. I take special pleasure in conducting weddings when you are part of the team. You are more than a DJ, you are a great entertainer and personality. The way you get the attendees involved in the music and dances, furnishing them special hats, even a rock star wig, is all an absolute delight to see. A favorite moment is when you furnish instruments and the attendees become the band. They really get into it.

What I especially appreciate is that with all the fun and laughter you provide, your program is always in the best of taste. You are a class act.

Jeff, you have brought the art of disc jockey to its highest level. Not only do I enjoy working with you, I do recommend you at every opportunity.

This comes to you with all good wishes.

Sincerely,

Rev. Austin Miles
Pastor
