RE: Jeff Oliver and Universal Entertainment

I have had the opportunity and pleasure to both work with Jeff and to attend functions at which he provided the entertainment.

In working with him I found him to be honest and straight-forward. It was a pleasure to work with someone who has such enthusiasm for his work as well as for life in general.

The functions that I have attended for which he provided the entertainment were fun and enjoyable. He livens the crowd and gets in and participates instead of sitting behind his equipment and playing songs.

I would not hesitate to call on him nor would I hesitate to refer him to someone in need of entertainment for their function.

Sincerely,

Chris Mulqueoney  
previously Director of Catering , Holiday Inn- Livermore
