To whom it may concern:

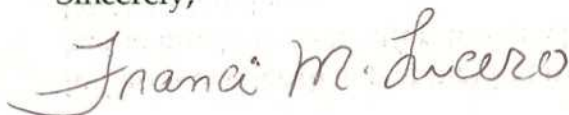

After viewing many DJ's in the wedding and party industry it is obvious to me that Jeff Oliver is one of the finest DJ's out there. That's why I requested to hire him for my class reunion in 2002.

Jeff goes deeper than just playing music and announcing with a microphone. He has so much more to offer; too much to list here. I suggest that you review his DVD-Video demo.

Jeff has a buffet of services that is unmatched in the industry, which his clients can choose from. Also, he is very intelligent, organized, and enjoyable to work with. He never ostentatiously takes over your event, instead Jeff meets with each couple to personalize their itinerary. Jeff does an excellent job of producing a memorable and exciting event because he has the experience of reading what the crowd likes to hear. Furthermore, his parties are always hoppin' because Jeff really knows how to bring out the best in people on the dance floor.

I should also mention that I highly recommend Jeff because he is a valuable asset to any event not only as a DJ, but also as a coordinator, host and M.C.

Sincerely,

Franci M. Lucero
