Dear Jeff,

Don't hesitate to use me as a reference any time.  
You did a great job at Mark and Tiffany Violich's wedding.

I've captured video for many events. I've seen a few other DJ's. You provided much more than I would have imagined. Your music was great. People got up and danced for almost the whole event. But, you went beyond that. Your style was smooth. Your timing, hosting was coordinating was perfect. You did a great job of cueing me to be ready and were a great teammate to work with.

You receive my respect for the fabulous sound and lighting equipment.  
And, I thought your dance lessons & props were ingenious and creative. "Icing on the cake".

Hope to work with you in the future Jeff,

Paul Yap
